## THE TYRANNY IS THE DISEASE & FREEDOM IS THE CURE

---

- QLD/NSW border restrictions get tighter than a frogs derrière.
- No jab, no enter to Qld for interstate residents, and essential workers going there and back!
- Chaos ensues in the border bubble. People unable to go work, visit family, attend doctors appointments and conduct business.
- Qld Premier threatens to lock the Gold Coast down imminently and 'all bets are off' as 100 ADF personel are deployed to QLD/NSW border check points to assist. (Scan QR Code bottom right)
- NSW suffering a statewide lockdown. No jab no enter into WA as well.
- The ongoing restrictions continue in Victoria under Premier Daniel Andrews. No taking off masks to drink alcohol. (Scan QR Code bottom left to not turn the footpath into a pub)

We have tolerated a very small group of elites for far too long. If you think they have your best interests at heart, just look at what they are doing now. We have got to the point where there is now no freedom of movement for Australians in our own country!

This is not about a virus, it is about complete control.

## It is time to RECLAIM OUR FREEDOM OF MOVEMENT

---

1) Free people, ie; you & me, have basic rights we are born with that CANNOT be taken away by any person, entity, corporation or government. RESERVE YOUR RIGHTS

2) Is it equitable? Is it fair? NO, It isn't.

3) Government are necessary to provide for infrastructure and law and order, sanitation and care of the less fortunate. Anything more than that is an over reach and a breach of our basic human rights to be free.

4) Don't move toward the goalposts. We have freedom of choice in this country, and that includes what medical procedures, treatments or vaccines we give consent to. THERE MUST BE CONSENT. Our consent can be given, or taken away at our choosing.

5) Benefits & privileges are bestowed upon us by the state. Rights are not, and they can never be taken away. How much longer are you going to live in fear and uncertainty?

---

**It's a criminals paradise, if you let it be.**
