

WE ARE NO LONGER The “SILENT MAJORITY”

Can you honestly answer these questions? Have you:

- Cringed in disbelief and horror at the sheer brutality of the violence being perpetrated upon Australians for simply applying their right to protest peacefully against bad Government and Medical Choice? And why isn't our Prime Minister, defending our rights? Police overreach belongs to pre-war Germany.
- Felt sick to death of never-ending Lockdowns, often with extreme short notice? Did you know all lockdowns constitute false imprisonment? What's next? France is now fining/jailing citizens for not submitting proof of a negative Covid test result. **Would you agree to this?**
- Suffered financial loss – severe or otherwise – by being laid off, dismissed, stood down or discriminated against for upholding your choice to **not** accept an **experimental “vaccine”**?
- Been forced to mask everywhere, including, private spaces, public spaces, on transportation by land, air, and maritime. {This is psychological assault on people}
- Been forced to obey Border Closures denying thousands of Australians the ability to return to their homes, be with their loved ones or simply go to their jobs?
- Been alarmed at the prospect of **Vaccine Passports**, guaranteed to ensure you will be discriminated against for merely choosing not to accept an **experimental drug** into your body? In Italy for example, non-vaxxed people are forbidden to leave their homes, even to buy food.

The Australia Project

The Australian Government and the Premiers of its States and Territories have all let us down **Badly!** Snap 'Short, Sharp and Fast' lockdowns have grown into months of internment in our homes, depriving us of our liberty and freedom to live our lives. Originally, we complied, but our leaders exploited that good faith. Our children's education has been decimated resulting in a huge decline in learning and socialization, so critical to their development. **We cannot get this time back for them!**

Let us remember, each of us is part of **one Australia family**, united in our shared values of individual **Rights** and **FREEDOMS**.

THE AUSTRALIA PROJECT is a non-profit, non-political group of concerned ordinary Australians just as you may be, who invite you to join us to **reject** the tyranny we are being forced to endure, and **RESTORE YOUR RIGHTS, RESTORE YOUR GOD GIVEN FREEDOMS**. Australia is a Sovereign Nation, and as a citizen, you have inalienable rights, no matter what. They have been taken away from you. **WILL YOU JOIN US TO HELP RESTORE THEM TO ALL AUSTRALIANS?**
