

URGENT COMMUNICATION

• UNNECESSARY DANGEROUS VACCINE

- Largest historical numbers of vaccine injuries and deaths than from all vaccine's combined. The TGA (Australia) reports over 50,000 adverse events and over 450 deaths as of August 2021.
- Fraudulent suppression of simple highly effective treatments meant vaccine (under emergency use in the USA) was not even necessary (REFER SKY NEWS INTERVIEW - DR. PETER McCULLOUGH - tinyurl.com/3hvfj2we) (Full interview- Dr. Peter McCullough: tinyurl.com/43a2jxr7)
- Even as early as June 2021 in the USA there were over 5000 covid vaccine deaths recorded in the VAERS database however renowned Doctor, Peter McCullough estimates due to lack of reporting, that 10 times this figure ie. over 50,000 covid vaccine deaths represent the actual figures (CDC whistleblowers) Note that a Harvard study concluded that VAERS figures represent approximately 1% of actual deaths and injuries.

• TESTING FRAUDULENT

- 'PCR' test (used to diagnose, justify masks and lockdowns), "do not tell you that you're sick" according to a video by it's INVENTOR- Kary Mullis. (see video: tinyurl.com/4wd4uaks) The rate of false positives when using the PCR tests is therefore estimated around 95%
- International trial lawyer REINER FUELLMICH (successfully sued Volkswagen and Deutsche Bank) will expose entire fraud by exposing PCR. "It is absolutely certain that PCR tests, if they are positive, say nothing about infection". People with any illness (or NO illness) are approached/ coerced and a (false) positive PCR test result acquired from them in order to re-label their illness to Covid-19 and achieve distorted numbers on the Covid 'infected' and 'death' tallies. These numbers are used to justify extreme government measures and instill fear in the public.

• PANDEMIC FRAUDULENT / EFFECTIVE TREATMENTS SUPRESSED FOR VACCINE PROFITS- LARGEST TRANSFER OF WEALTH IN HISTORY TO PHARMACEUTICAL COMPANIES

*"The only way COVID-19 could be classified as a 'pandemic' was by having the UN World Health Organization change the definition 12 years ago to exclude the requirement for *widespread* death".*

The Pandemic is based on the PCR testing fraud: Covid-19 is a simple 'flu like' illness easily treated with the Ivermectin/Hydroxychloroquine + zinc combinations or other simple nutrients such as vitamin C to support a strong immune system- these measures equate to almost zero risk from the virus. Treatments have been suppressed and buried in anticipation of vaccine profits and as Dr. Peter McCullough states, 'over 85% of hospitalisations could have been avoided'.
